Letter of Recommendation

To whom it may concern

Andrea joined our team on 26 October 2015 and worked with us until then end of March 2016. Though her time was relatively short, her impact was felt as she came in from day 1 with a can do attitude and automatically immersed herself in the agency and her portfolio.

In the short time she was with us she fully embraced our entrepreneurial culture, knuckled down and got stuck in. She picked up on the Edgars portfolio quickly. She was always quick and ready to help whenever it was asked of her.

She became such an integral part of the team, her personality, exuberance and energy for what she did was appreciated by all and felt by everyone.

We wish her well in her future career path and hope she accomplishes all she has set out to do.

Kind regards

Celina Anderson
