To Whom It May Concern :

Reference: Andrea Hull

This letter serves to confirm that Andrea was employed by Joe Public Johannesburg for 6 months (Jan – July 2014), working closely with myself in the capacity of a senior art director on the Edcon brand for Jet fashion.

Andrea has a wealth of fashion retail experience which reflects in her work. A keen eye and excellent understanding fashion/fashion retail, (not everyone gets this).

A team player who gets on with it and gets the job done at a high level output.

Andrea is a go-getter: great at implementing systems and processes into the team, in light of working smarter and more effectively.

With her reliability, attention to detail and positive can-do attitude, Andrea would be an asset to any company.

Yours sincerely

Ahmad Rawat
